Schaerer Coffee Art Plus

Performance Meets Design

The **Schaerer Coffee Art Plus** is the ultimate blend between performance and design. Packed with features such as finesteam; it allows any users to create the perfect espresso based beverages. Its aesthetic design is ideal for high visibility venues, medium to high volume restaurants and specialty coffee shops. With the Coffee Art Plus, you're always a step ahead of the competition.

features and benefits

- Steam wand with finesteam air injection and auto shut-off guarantees consistent milk texture and temperature while allowing users to multitask.
- PEEK steam wand material dramatically lowers the wand's surface temperature. Milk residue easily wipes clean, even later on after steaming. The PEEK steam wand is also much safer to touch right after steaming.
- Simple and intuitive user interface allows even a novice to make great cappuccinos or lattes.
- Reminders can be programmed for maintenance activities.
- Two hoppers, each with dedicated grinders and 2.2 lbs. capacity.
- Espresso cleaning cycle takes less than 5 minutes.
- Aesthetic design for high visibility concepts.

Specifications

Material #	1340900024	1340900047
Beverage Capacity (16oz)	70-80 per Hour	70-80 per Hour
