

# FOOD MACHINE LUBRICANTS

# Super Lube®

**WHEN ONLY THE BEST WILL DO**

Recommended for all Food Machines and Equipment. Grease is opaque white & oil is colorless. Both withstand high temperatures while maintaining high viscosity and water resistance. Each is oxidation stable and USDA approved.

LO-51010

## SUPER LUBE® OIL

Super Lube® Oil, with PTFE, is a premium water proof synthetic oil with suspended PTFE particles that bond to surfaces adding lubricity to moving parts. The Super Lube® Oiler is ideal for the precise lubrication of parts and may be used as a general purpose lubricant for industrial machinery & equipment.

ALFA #	OIL DESCRIPTION	PACKING
LO-51010	1/4 Oz. Precision Oiler	1
LO-2	4 Oz. Plastic Bottle	6
LO-PT	Pint Bottle, Plastic	1
LO-QT	32 Oz. Plastic Bottle	6
LO-GAL	1 Gallon Plastic Bottle	4
LO-SC	Silicone Lubricant Aerosol - 11 Oz. (Shipped via ground only)	1
LGEAR-QT	1 Quart Plastic Bottle	1

## SUPER LUBE® GREASE

Super Lube® Grease is a synthetic NLGI grade 2, heavy duty, multi-purpose lubricant compatible to most lubricants. Super Lube® Grease outlasts conventional greases by 50-100% and has excellent adhesion. It is listed as a USDA food grade lubricant, rated H1 for incidental food contact. Operating over a broad temperature range (-45° F to +450° F), it will not run, drip, dry out, melt or separate and does not evaporate or form gummy deposits.

ALFA #	GREASE DESCRIPTION	PACKING
LG-21010	1/2 Oz. Tube	1
LG-03	3 Oz. Cartridge	12
LG-14	14 Oz. Cartridge	12
LG-SC	11 Oz. Spray / Multipurpose Synthetic Lubricant Grease with PTFE	1
