STANDARD FEATURES:

- High performing, energy efficient refrigeration system
- Reliable microprocessor control with LED temperature display
- TXV metering device supports faster temperature recovery
- Evaporator coil outside food zone provides more usable space
- Standard operating temperature for refrigerator model 34° to 38°F
- Standard operating temperature for freezer model -5° to 0°F, -10° capable
- Load-sure guard prevents problems due to improper loading
- Stainless steel front / anodized aluminum sides and interior
- Self-closing door(s) with stay open feature
- Full height hinged glass doors with locks
- Patented LED display door
- Long life EZ-Clean door gaskets
- Three (3) factory-installed epoxy coated shelves per section
- Easy to clean front-facing condenser coil
- 6" high locking casters
- Guaranteed for life door hinges
- 6-year parts/labor warranty
- 7-year compressor warranty (parts)

HIGHLIGHTS:

EMBEDDED LED LIGHTS

Reduces door fog & maximizes efficiency

MICROPROCESSOR CONTROL

Provides accuracy & reliability

EZ-CLEAN GASKETS

Durable, long life gaskets for easy maintenance

TOP-MOUNTED SYSTEM

Provides efficient heat removal & reliable temperature maintenance
