## MODELS

# Standard Drawer Warmers

**AEDW-1** One Drawer  
**AEDW-2** Two Drawers  
**AEDW-3** Three Drawers

**AEDW-1**

**AEDW-2**

**AEDW-3**

## Standard Features

- **Heavy-Duty Construction** – Polished stainless steel cabinet for durability and a professional appearance.
- **Adjustable Support** – 5” adjustable legs for stability and customization.
- **Enhanced Insulation** – Cabinet sides and top filled with 1” thick insulation for improved heat retention.
- **User-Friendly Design** – Large drawer handle ensures easy operation.
- **Smooth Drawer Operation** – Integrated stainless steel drawer slides with durable rollers.
- **Versatile Pan Capacity** – Each drawer includes one 12” x 20” x 6” stainless steel pan and accommodates 1/3, 1/2, or full-size pans without cross bracing.
- **Humidity Control** – Adjustable sliding vent to regulate moisture levels.
- **Independent Temperature Control** – Each drawer features a separate control and an easy-to-read thermometer.
- **Efficient Heating** – One 475-watt (4-amp) heating element per drawer ensures consistent temperature maintenance.
- **Electrical Requirements** – Operates on 120V, 50/60 Hz, single-phase power with a 6’ power cord and NEMA 5-15 plug (AEDW-1, AEDW-2, AEDW-3).
- **Warranty & Certifications** – One-year limited parts and labor warranty; after the first year, a two-year parts warranty on heating elements. NSF certified and cULus listed.
