

COUNTERTOP GAS RANGE

PHP-36

Model	Burners
PHP12	2
PHP24	4
PHP36	6

With 25,000 BTU high heat per burner, the Supera® Countertop Gas Range is a commercial range without an oven. The burners give you the maximum in gas range features, removable burners with the top half of the burner that separates for cleaning and a pilot that lights each burner. Heavy duty cast iron grates are also removable for easy cleaning.

A large control knob for each burner gives you a comfortable feel when turning burners on and off all day. Units are shipped for natural gas but are easily converted to LP (propane) gas with the LP conversion kit that is included.

All Countertop Gas Ranges carry ETL gas and sanitation approvals that meet US gas and sanitation requirements for use in restaurants.
