Specifications

TD Model Towel Dispenser is constructed of 18-gauge #304 stainless steel, fully enclosed on sides, top and bottom. All corners are fully welded, ground and polished smooth.

Unit to be secured to backsplash of IMC hand sink and designed to accommodate 300 9½" multi-fold towels.

Unit shall be provided with key-less access at front panel to replace towels.

Product Guide

IMC Towel Dispensers are specially designed to provide sanitary carefree use - to permit quick, efficient and thorough cleaning and replenishing.

Unit is completely seamless and flush - only NSF listed unit available.

Oversize design permits additional storage. No special installation - attached to sink.

Options

- ☐ Security/Correctional design includes security screws & wrench/no lock
