Specifications

HS Free Standing Hand Sink is constructed of 16GA type 300 series stainless steel, with integral backsplash and non-drip marine edges, coved corner sink bowl and built-in pitch to 1½" waste outlet.

Body is 18GA stainless steel with removable access panel and built-in toe recess. Deck mounted soap dispenser has 1-pint capacity. Faucet is T&S #B-1105, or equal, splash-mounted, with rigid gooseneck and wrist-action handles.

HS-X Model - same as above without faucet and soap dispenser. Faucet hole can be provided.

HS-SEC Model - Security Model with 16GA body and rear coves.

Product Guide

IMC Hand Sinks are easily cleanable without the use of tools. All corners are coved, and all seams are fully welded and polished.

HS Hand Sinks are based on the WS Model design with a large deck for a faucet and soap dispenser. High backsplash protects wall and keeps sinks sanitary.

Integral cabinet body supports sink and provides access to plumbing. Optional door and shelf can be used for storage below sink.
