Item #: _____ Qty: _____

AIA #

Model #: _____

Model:
DRF40-NG-ES

Energy Star Fryer
35 Lb / 17 L

Features & Benefits

Strong and durable structure

- Front and door made of stainless steel.
- Sides and back made of galvanized steel.
- Stainless steel legs.

Burners:

- Cast iron burners.
- Fast temperature recovery.
- Safety gas valve, CSA certified.
- The heat generated by the burners is distributed through heat deflectors inside the tank.

Frypot and basket:

- Tank made of stainless steel.
- Includes 2 nickel-plated baskets with heat-resistant coated handles and stainless steel support.
- Smooth finish for easy cleaning.
- Nickel-plated grid.
- 1 1/4" (31.8 mm) full-flow drain valve.

Key components:

- Imported thermostat, CSA certified.
- Automatic temperature control, CSA certified.
- Continuous pilot light that facilitates the fryer ignition, CSA certified.

Benefits:

- Temperature range of 200°F ~ 400°F (93°C ~ 204°C).
- Hi-Limit system, CSA certified, designed for automatic shutoff in case of excessive temperature.
- Temperature controlled in contact zones.
