

TECHNICAL SPECIFICATIONS

Name	Enterclear				
Type	Sealing film				
Type code	ECPN	ECEN	ECPNH	ECPA	ECPAH
Special designation	PP Easypeel	PET Easypeel	PP Hold	PP Easypeel Antifog	PP Hold Antifog
Suitable for packing of	Any food material				
To be used with vessel type	PP material	PET material	PP material	PP material	PP material
Raw material	PET + Adhesive + APPEEL+ After Treatment	PET+ Adhesive + GEVA+ After Treatment	PET+ PP	PET+ PP+ After treatment	PET+ PP+ After treatment
Sealing temperature range	212°F ~ 374°F				
Thickness (μm)	55				
Width	Standard				
Length (m)	300				
Cardboard core (mm)	56				

Safety Standard	FDA Authorized Raw material. Passed the Inspection for Food-Hygiene Standard on films by Korea Advanced Food Research Institute				
	 Q1	 QT	 Qi	 Qi	 Qi

Storage	In dry room
Storage temperature	59°C ~ 65°C
Time	Use within 6 months from delivery date

Date
03/30/2024
