## 6MCV5LS.I - 10MCV5LS.I

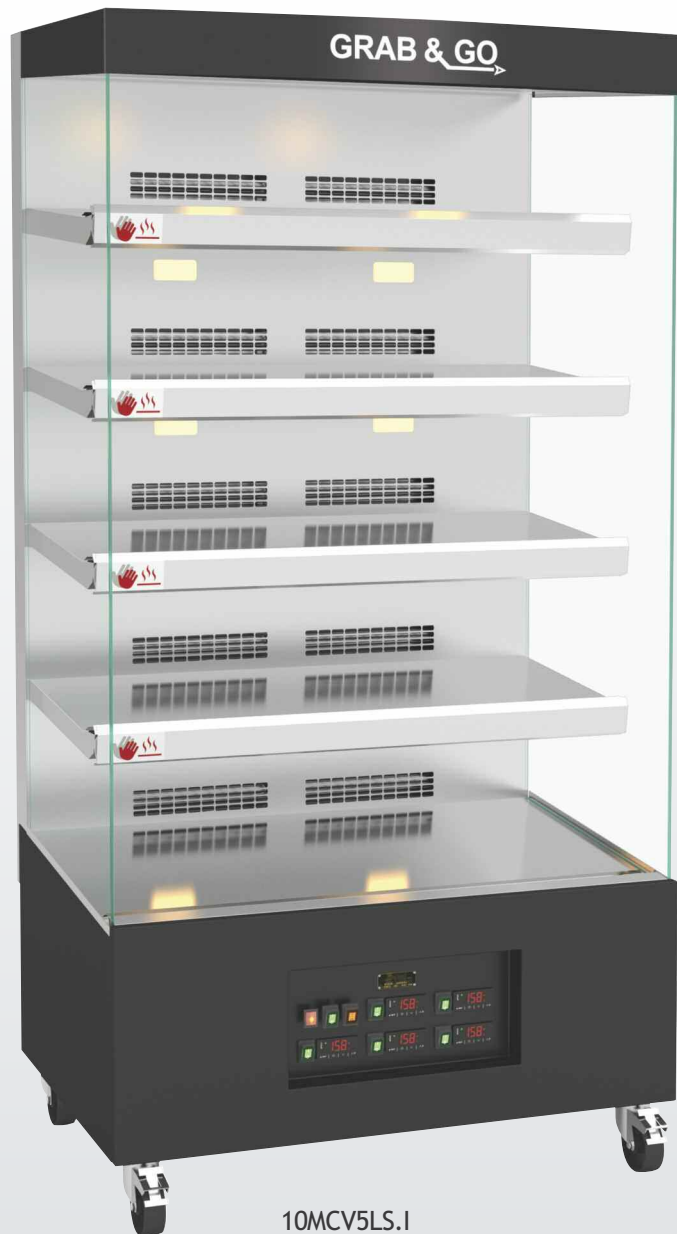

### DESIGN

Improve store profits by maximizing your grab and go meal sales with one of Rotisol's quality floor-standing self-service heated shelf merchandisers. Featuring independent temperature control for each of 4 shelves, Rotisol merchandisers provide panoramic view for each shelf via side windows plus shelves angled 5 degrees.

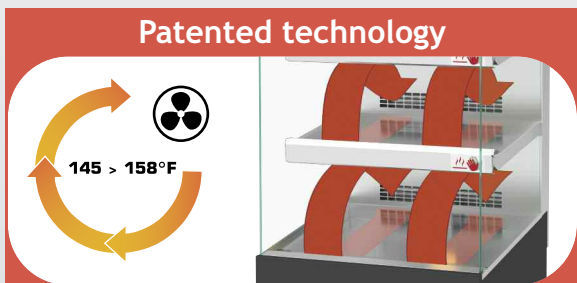

Our patented technology provides precise heating through digitally controlled radiant heaters, individual fans to provide even heating front to back, and holding temperatures for the highest quality food and lowest cost of ownership. Keeps all products at a core temperature of between 145°F and 158°F regardless of where placed on the presentation shelf in order to comply with food safety requirements.

### FEATURES

- Front loading
- Shelves angled 5° for maximum view and ease of access to products
- Independant digital electronic control for each shelf
- Energy efficient
- Each shelf independently lit with LED lights
- Tempered side glass panels
- Base with control panel - black epoxy - on casters or adjustable legs
- Customizable roof banner
