

FlamBoyant™ FB1400-6E

DESIGN

The FlamBoyant range of rotisseries has been especially designed for high-volume cooking with high output and speed, while retaining excellent cooking quality. In addition, a wide array of accessories enable the rapid roasting of a variety of products.

Well designed, user friendly and reliable, the FlamBoyant is used by leading supermarkets and chain restaurants throughout the world.

TECHNICAL DETAILS

Overview of some of the standard features.

Independent motors adjustable in depth for each spit

Robust hinges designed for heavy use, with integrated locking in open and closed positions

Easy and protected access to the compartment of connections and electrical components

Reinforced heating elements with stainless steel holders to keep them in place and removable stainless steel panels for easy cleaning

Anti-scald K-glass reduces external thermal radiation (energy saving). Glass overlaps drip pan to keep splatters inside (anti-slip protection).

Removable inside side-panels doubles protection from grease seeping into motors and other sensitive parts.

ACCESSORIES

A variety of accessories are available. See video of available accessories and of vertical spit system online.
