Depth - Crated	36"

**ELECTRICAL REQUIREMENTS**

Cooler is pre-wired at factory and ready for connection to a 115/60/1 phase, 15 amp dedicated outlet.

**WARRANTY**

**Three Year Parts and Labor**

- The warranty is in effect for one year from date of installation.
- Factory service authorization must be obtained before any work may be performed under the labor warranty.
- The warranty covers reasonable labor costs, based on straight time, when the unit has been diagnosed as defective.
- This warranty does not cover original installation, initial start-up, normal adjustments, or maintenance.
- OEM parts needed for warranty must be obtained from Powers Equipment.

**Five Year Compressor Warranty**

Powers warrants to the original purchaser for a period of five years from the date of installation, that we will replace the compressor on the unit if found, in the reasonable opinion of the factory, to be defective in material or workmanship. Relays, overloads, capacitors, and any other electrical components are not included in the five-year warranty.
