

Walnut Melamine Bowls

WMSQ117

MELAMINE BOWL, SQUARE, WALNUT, 216 OZ.
12" SQ. X 4-1/2" H

With the straight-grained look of walnut, our melamine square bowls lend a rustic charm and organic feel to any establishment, buffet line, tabletop or catered event. Their rich, dark-chocolate finish offers a striking contrast to colorful foods. At the same time, unlike their hardwood counterparts, these handsome square bowls are stain-resistant and easily sanitized.

The matte finish and woodgrain design of this 216 ounce square-shaped melamine bowl highlights the craftsmanship of your own creations. Its extra-large size makes it ideal for serving bakery items or fresh fruit at a buffet display, or for presenting hors d'oeuvres at a catered event. Functionality and style are no longer mutually exclusive thanks to the power of melamine – a highly durable and lightweight alternative to porcelain or ceramic. Not recommended for microwave use.
