

# ROLLING DISPLAYS

## THE CLASSIC

Classic rock, Classic cars, Classic Etageres. Classics are the originators of themes, genres, or styles and are generally recognized for serving as standards of excellence. They are not born as “classics” per se; they usually have a unique, timeless, or lasting quality about them that earns them that title. This Etagere has been one of our customer’s favorites since its introduction back in ‘67. It could be described with adjectives like “simple,” “clean,” and “timeless.” But we think the one that describes it perfectly is “Classic”.
