

ESTABLISHING A **NEW STANDARD** IN THE FOODSERVICE INDUSTRY.

The LTF23 freezer delivers enhanced energy efficiency and advanced frost prevention. Designed for reliability and performance, it ensures optimal temperature control while reducing energy consumption.

KEY FEATURES

• Eco-Friendly Refrigerant

Environmentally friendly hydrocarbon refrigerant has low Global Warming Potential (GWP). Meets all USA & California refrigerant & energy standards.

• Electronic Temperature Controller

CIR WIFI electronic controller assures optimal refrigeration performance through precision temperature control, and intelligent control for defrost cycle, compressor & other component functions, such as bluetooth to Wifi capability.

• High Power Reliable Refrigeration System

Fast pull down, optimal internal air circulation and reliable refrigeration, maintaining colder temperatures for food preservation.

• Newly Designed Condenser

New condenser featuring a joints reduction down to zero, increasing long term refrigeration reliability and safeguarding against any system leaks.

• Standard LED Lighting System

Ultra bright low energy interior LED illumination system provides optimal merchandise display visibility. Low profile, door mounted, clip-in LED design.

• Spark-Free Refrigeration Components

All Reach-In models will have spark free refrigeration components for optimal safety, per UL requirements.

ADDITIONAL FEATURES

- Lock options with different capabilities available

- Gravity, sandwich trays and extra shelves available with this model

- Casters, Rollers and Legs available

- Price Kit – Available for shelf display

Customer service and warranty

Three year limited warranty, includes parts and labor.

An additional two year warranty is issued on the compressor (USA & Canada only).

Operators must follow installation and operational guidelines per Imbera Users Manual.

Each cooler must be connected directly to a single power supply, otherwise warranty will be voided.
