

# HAND TOOLS

# The **SAFESLICER**<sup>®</sup>

## Cutting edge technology in food preparation!

*The first device to make cutting a watermelon as easy as slicing an apple!*

**WARRANTY: 6 Months**

A revolutionary tool for safer and more productive food preparation, the SafeSlicer has the potential to significantly reduce workers compensation claims due to accidents caused by clumsy or reckless use of a knife.

- Made in the USA of 16-gauge steel, the SafeSlicer tower is strong and durable
- High-quality, NSF-approved stainless steel knife is from Lamson & Goodnow
- Adjusts to any size product
- Easy disassembly
- Safe to wash in commercial dishwashers

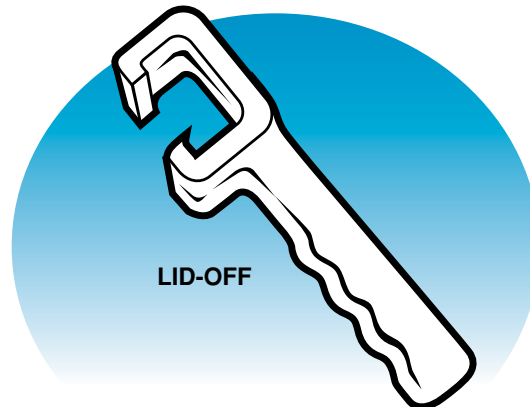

The fulcrum in the Safeslicer tower allows you to cut in a safer, more powerful manner. Great for hard fruits, gourds and vegetables and also large wheels of cheese.

ALFA #	BLADE LENGTH	SHIP WEIGHT	BOXED DIMS
SAFESLICER	12"	9 lbs	14" x 6" x 28"

## LID-OFF<sup>®</sup> LID REMOVER

No more broken fingernails! LID-OFF is the best tool to open plastic pails in a safe and easy way. No dangerous lock cutting is needed with LID-OFF. Pails with uncut lids can be resealed again and again to prevent spoilage.

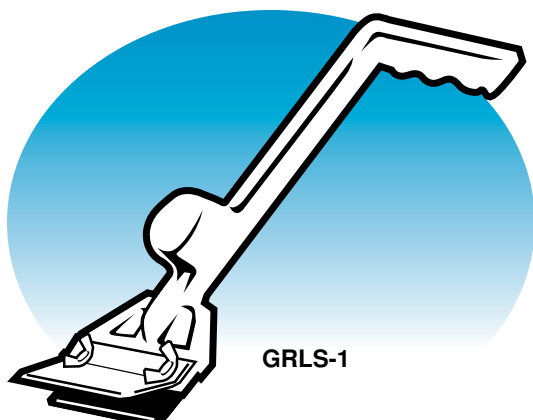

ALFA #	MATERIAL	COLOR
LIDOFF	Plastic	White

**WARRANTY: 6 Months**

## GRILL AND GRIDDLE SCRAPER

Bacon, eggs, hash browns in the morning, burgers at lunch, and steaks in the evening – by the end of the day restaurant grills and griddles are caked with grease, fat and burned-on gunk. Alfa's Scraper won't make cleaning that grill a pleasure but it will make the going easier. Our worker just pushes forward at the handle and grabs the front knob to guide his way. The scraper comes with one blade.

GRLS-1

ALFA #	DIMENSIONS	SHIP WEIGHT
GRLS-1	16"L x 6"W	3 Lbs.
