

# GOLDEN COLLECTION

The Golden Collection by Royal Leerdam blends sophistication and perfection for an indulgent experience. Clear glassware that redefines elegance and exquisite features. This collection includes 3 ranges:

Bonheur Optics, an exciting addition with a vintage-inspired design. From refreshing Gins to exotic Margaritas and classic Martinis, this range is the perfect choice for fancy restaurants and bars.

Carré Optics, a new line featuring two wine glasses, a flute, and a coupe, ready to grace every table.

And Régis, a standout in our Golden Collection, with a trio of wine and champagne glasses, excellent for robust reds, light to medium-bodied whites, and dry, fruity sparklers.
