

SPARTA®

COMMERCIAL MOP BUCKET SIDE-PRESS WRINGER 35 QUART

Clean Smarter, Not Harder

Our innovative mop bucket simplifies your cleaning routine with its durable, corrosion-resistant design and advanced features. With a 35-quart capacity, high-efficiency side-press wringer, and smooth-gliding non-marking casters, this bucket reduces cleaning strain, enhances mobility, and minimizes refills. Ideal for commercial settings, it saves time, energy, and money while extending the life of your cleaning tools.

Achieving sparkling-clean floors has never been easier—combine the right mop head and handle with our full suite of mopping tools to optimize your workflow.

Features & Benefits

- **35 qt** – Extra-large capacity for mopping more square footage on a single bucket for efficient mopping
- **Heavy-Duty** – Commercial style mop bucket made from specially designed corrosion resistant plastic, ideal for daily use in homes, offices, restaurants and commercial spaces
- **Non-Marking Casters** – 3" casters swivel and glide to maneuver the mop bucket over thresholds or into elevators
- **Side Press Wringer** – Reinforced side press wringer features powder coated handle, heavy-duty spring and rubberized grip for effortless wringing
- **Dirt Trap** – Front of mop bucket angles downward keeping dirt particles away from mop

Extra Large Capacity

Extra large bucket can accommodate up to 35 qt of water, reducing the need to empty and refill

Easy Mobility

Non-marking PVC casters provide smooth transport while protecting floors, with bumper guards to shield walls and corners
