

KNIFE COVERS

Wooden Covers for Western Style Knives

The design for Japanese knife covers have not changed for hundreds of years. The knife covers offered at Korin are handcrafted from either ebony or Japanese magnolia wood grown in the northern region of Japan, where the cold climate encourages the growth of densely grained wood that will not warp. These beautiful wooden covers will keep knives safe when not in use and help

prevent carbon knives from rusting. Each piece is handmade and the blade shape varies from maker to maker, therefore all knives must be fitted before purchase. Please be advised that Korin does not accept returns or exchanges for wooden knife covers due to hygiene reasons.
