

KNIFE BAGS

Proper storage is essential for maintaining the sharpness of the knives, protecting the edge from dulling, and keeping you safe. Our knife bags help users store and travel with several types of knives at once. Knife bags offered through Korin vary from simple durable knife

rolls to serious leather suitcases with knife inserts. The number of knives each bag carries vary depending on the style. Korin recommends considering the number of tools and knives typically utilized on an average work day when purchasing a knife bag.

Korin's Knife Bags

Korin's first collection of knife bags! These knife bags look like a normal bag, are built for culinary industry professionals. The long sleek bag allows for knives of all sizes to fit, features a card holder to avoid losing your knives and shoulder straps for those on the move. Inside you will find elastic holders to keep smaller utensils,

buckled straps to secure knives, and mesh pockets that can be velcro'ed shut. These great bags are also made with a water resistant synthetic fabric that can be gently hand washed in case of any spills in the kitchen.
