- Constructed of bacteria proof AISI 304 stainless steel.

PRIMARY APPLICATIONS

- Grocery - Deli / Grab N' Go
- Case Ready
- Tray Packs
- Ready to Cook
- Restaurants
- Commissary

“We process an avg 600 lbs. of chicken breast per day through the Fillet-O-Matic. It dropped our labor hours in half from our manual process and delivers a consistent product. The ROI on this machine was 18 weeks for us and we have been very happy with it.”
David Cingari, Grade A Commissary
