

MicroEdge™ Graters

MicroEdge Technology™ is an advanced manufacturing process that utilizes electro-etching technology™ to produce razor sharp cutting edges that last for a lifetime.

FEATURES

- 100% stainless steel (301) blades and frames minimize flexing, ensures safety and a lifetime of durability and performance.
- Ergonomic, non-slip handle design provides a sure, comfortable grip for any size hand.
- Non-Slip rubber frame bumper ensures stability, and keeps blades off of potentially contaminated surfaces.
- Reusable protective cover included on paddle and rasp styles.

Available in numerous blade designs:

201201GF	Paddle Style / Fine
201201GC	Paddle Style / Coarse
201201GXC	Paddle Style / Extra Coarse
201201R	Paddle Style / Ribbon
201201MS	Paddle Style / Match Stick
201202RF	Rasp Style / Fine
201202RXC	Rasp Style / Extra Coarse
201202R	Rasp Style / Ribbon
201203S	Rasp Style / Spice
201204BGF2	Box Style / Fine, Coarse & Ribbon
