

# MicroEdge™ Graters

MicroEdge Technology™ is an advanced manufacturing process that utilizes chemical etching to produce razor sharp cutting edges that last for a lifetime.

## FEATURES

- 100% stainless steel (301) blades and frames that minimize flexing, provides the highest safety and ensures lifetime of durability and performance
- Ergonomic, non-slip handle design delivers comfort and safety
- Non-Slip rubber frame bumper ensures stability, safety and keeps blades off of potentially contaminated surfaces
- Reusable protective cover included on paddle and rasp styles

Available in numerous blade designs:

201201GF	Paddle Style / Fine
201201GC	Paddle Style / Coarse
201201GXC	Paddle Style/ Extra Coarse
201201R	Paddle Style/ Ribbon
201201MS	Paddle Style/ Match Stick
201202RF	Rasp Style/ Fine
201202RXC	Rasp Style/ Extra Coarse
201202R	Rasp Style/ Ribbon
201203S	Rasp Style/ Spice
201204BGF2	Box Style/ Fine, Coarse, Ribbon
