1" NPS Control Valve

Description **Stainless Steel Glazing Sugar Pan**

The new sugar pan **DN-PAN-N** is designed for **DN-TBL-N** & **DN-TBLS-N**. It allows fast, uniform glazing of donuts, cinnamon rolls, cakes and other baked goods. It conveniently glazes one full screen 24" x 24" at a time. The built in drainage makes cleaning easy and waste no glaze. Stainless steel construction provides a durable product that will stand up to years of everyday use.
