

Trash Cans

Complete Waste Management Solutions

The Kratos commercial waste container line is designed to deliver reliable performance across a wide range of environments, from offices, schools, and healthcare settings, to foodservice and retail. Available in multiple capacities and configurations, our products provide flexible solutions for collection, transport, and disposal needs. Complement your container selection with compatible lids and dollies to create a complete waste management system that improves efficiency, supports cleanliness, and stands up to the demands of daily use.
