Faster Recovery Speeds

Our ENERGY STAR® fryers recover faster than even our non-ENERGY STAR® certified units. Operators get more batches out the door with less waiting time.

Lower Energy Costs

Certified efficiency saves operators money every day, reducing utility bills without sacrificing output.

More Baskets, More Profits

With faster recovery and consistent temperature, operators deliver crisp, golden results — even during peak rush.

Smart, Reliable, Profitable

Atosa fryers are designed to keep kitchens moving and margins growing.

Typical Energy Efficient Fryer (Slow Recovery)

Atosa ENERGY STAR® Fryers (Fast Recovery)

RECOVER FASTER. EARN FASTER.
