## Kodiak 30 Qt. Mixers

Mixing simplified with this ergonomic and hygienic heavy-duty mixer.

V30K-1

### MODELS

☐ V30K-1 30 qt. Floor

### STANDARD FEATURES

#### CLEANABILITY & HYGIENE

- Stainless steel frame with smooth, easy to clean surfaces and high, adjustable legs for cleaning under the machine
- Stainless steel, dishwasher-safe food zone components
- Detachable, magnetic, dishwasher-safe bowl guard made of transparent polycarbonate for visibility and hygiene
- Integrated filling tray enables clean, convenient ingredient additions during mixing
- IP44 washdown-ready design

#### SIMPLICITY & PERFORMANCE

- 2.0 HP motor with Variable Frequency Drive (VFD) and high torque transmission delivers robust mixing performance with smooth, precise speed control
- Intuitive operation with an angled, ergonomic control panel
- World's most effective whip design for increased speed
- Front #12 attachment hub drive option supports meat mincers, vegetable slicers, and more
- Pin-style tool locking for quick, secure tool changes
- Integrated bowl scraper for improved ingredient yield and consistency
- Ergonomic bowl handling for enhanced operator comfort and ease of use

#### INTERLOCKS & SERVICEABILITY

- Built-in safety interlocks stop mixer operation when the guard is removed or tilted, or the bowl is lowered
- Overload protection and no-voltage release provide added operator and equipment protection

### STANDARD ACCESSORIES (INCLUDED)

- **VHOOK-30K** – Stainless steel dough hook
- **VWHIP-30K2** – Stainless steel wire whip
- **VBEAT-30K** – Stainless steel flat beater
- **VBOWL-30K** – Stainless steel bowl
- **VCHUTE-30K** – Silicone ingredient chute insert
- **VBTRUCK-K** – Bowl truck

### WARRANTY

Four-year parts & labor limited warranty

ETL listed  
Conforms to UL Std 763  
Certified to CSA Std C22.2 No. 195

Designed for hygiene and simplicity, the V30K-1 features a smooth stainless-steel frame with adjustable legs for easy cleaning underneath, dishwasher-safe food-zone components, and a detachable magnetic safety guard with an integrated filling tray. A 2.0 HP motor with Variable Frequency Drive (VFD) and high-torque transmission delivers smooth, robust mixing performance, while the angled, ergonomic control panel makes operation straightforward—set time and speed, then start/stop. Productivity features like the high-efficiency whip, optional 15 qt bowl + tools for smaller batches, front #12 attachment hub for accessories, and quick pin-style tool locking keep workflow moving, with an integrated bowl scraper for improved ingredient yield and consistency. Reinforcement with guard/bowl interlocks, overload protection, and no-voltage release, all backed by a 4-year parts & labor limited warranty and ETL/NSF listings—patented design made in Denmark.
