

Rapid Rinser™

In-Sink Option

Rapid Rinser™

Accessories

Easy and Versatile

Use the Rapid Rinser™ to clean any container with a diameter of 8" or less. Pitchers, blender jars, measuring devices - anything! A gentle push on the platform is all it takes to activate the spray.

Durable Construction

The Rapid Rinser™ is made of chemical-resistant plastic. A stainless steel spray nozzle ensures long-lasting operation. A simple magnetic switch avoids electronic failures.

Smart Design

Compact and low-profile, the Rapid Rinser™ fits neatly next to or in your sink. Suction cup mounting feet make it stable in wet environments. The design also features a closed valve system that prevents water leakage when water pressure drops.

Easy Connect

The Rapid Rinser™ easily connects directly to your faucet.

Easy Clean jars in seconds, Connects to your faucet, Simple to disassemble and clean.

Control Easy one-push operation

Safe & Strong Stainless steel nozzle for long-lasting operation.

Versatility Effective for rinsing any container of 8" diameter or smaller
