TO USE

Perform the following steps before using the pizza oven:

- Remove all packaging within the oven. Oven should be completely empty before initial use.
- Unit will need approximately 2 to 3 hours to burn off. This could produce smoke or fumes and should be done in a well-ventilated area.
- It is recommended that the burn off should be done at 400° for the first hour with the oven door open. Then at 500° with the door closed for 90 minutes.

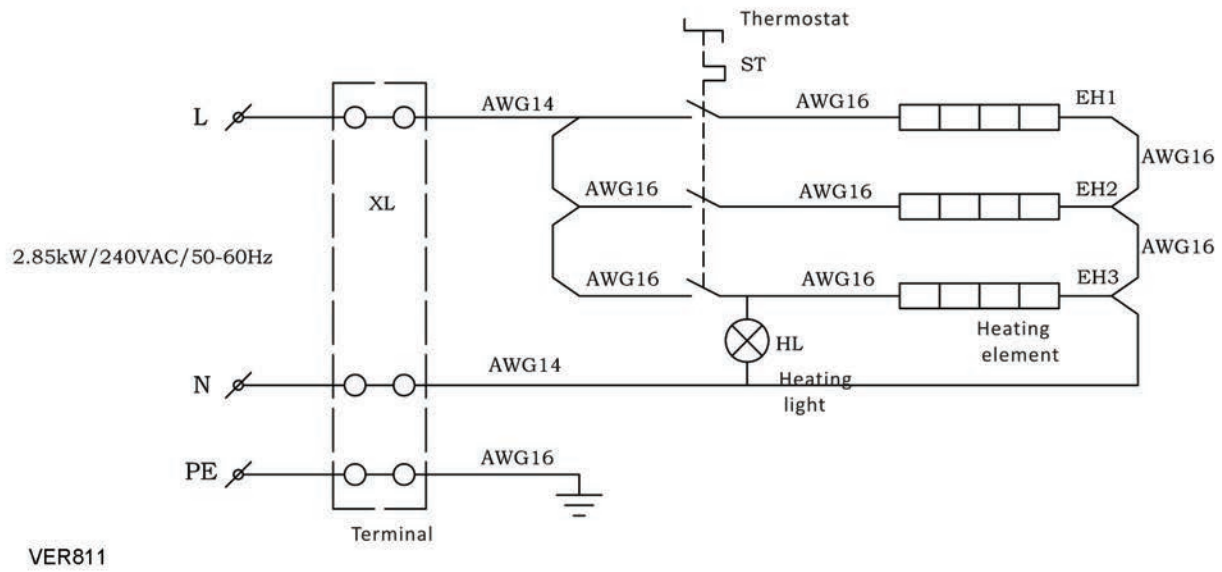

Operating the unit

1. Preheat to desired temperature. When the oven reaches the set temperature, the indicator light will shut off and turn back on to maintain the temperature.
2. Make sure the baking decks are properly installed.
3. The only products that have contact with the pizza decks are **PIZZA** and **BREAD**. Place all other foods in appropriate baking tins.
4. Make sure oven is in well-ventilated area and unplug when not in use.

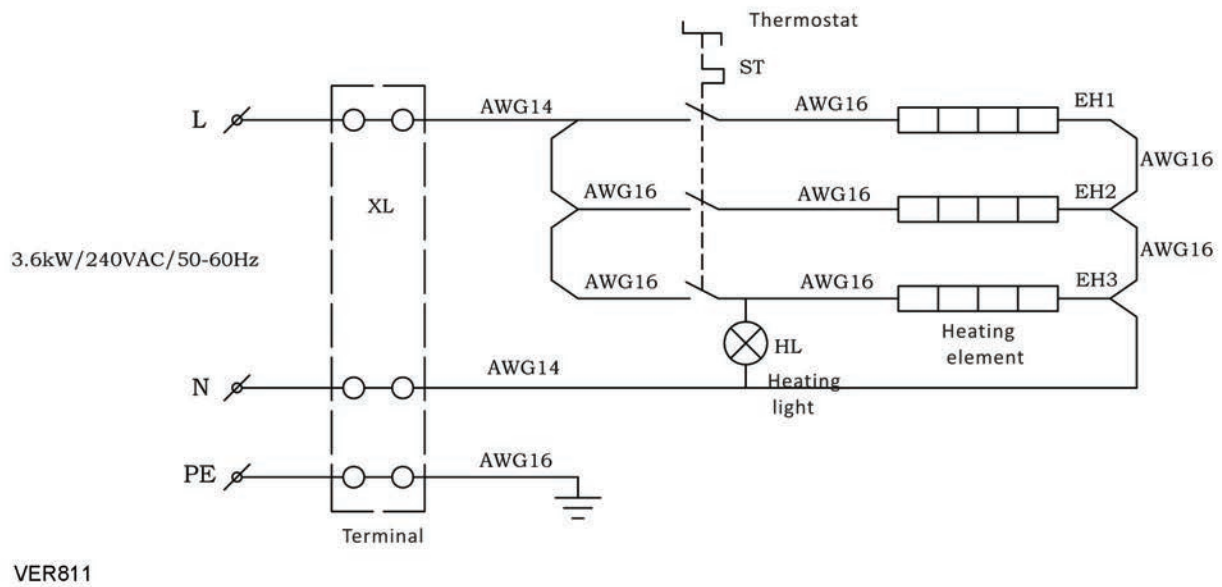

CLEANING – NOTE: To maintain cleanliness and increase service life, the pizza oven should be cleaned daily. Do not immerse the unit in water or any other liquid. If liquid enters the electrical compartment it may cause a short circuit or electrical shock.

1. Before cleaning or attempting to move, allow oven to cool down completely then unplug from outlet.
2. Do not immerse oven in water. Wipe outside of unit with a damp cloth then wipe dry.
3. Remove excess spillage. For tough areas, run the oven on the highest setting for 30 minutes. Allow oven to cool completely then remove residue with a brush/scrapper.
4. To avoid damage, do not use abrasive cleaners or scouring pads.
5. If soap or chemical cleaners are used, be sure they are completely rinsed away with clear water immediately after cleaning. Chemical residue could damage or corrode the surfaces of the unit.

ACE Equipment One Year Limited Warranty

Admiral Craft Equipment Corp. (ACE) warrants its equipment against defects in materials and workmanship, subject to the following conditions:

ACE Equipment is warranted for one year, effective from the date of purchase by the original owner. A copy of the original receipt or other proof of purchase is required to obtain warranty coverage. This warranty applies to the original owner only, and is not assignable.

Should any product fail to function in its intended manner under normal use within the limits defined in this warranty, at ACE's discretion, such product will be repaired, replaced with a refurbished unit, or replaced with a new unit by ACE, after defective unit has been inspected and defect has been confirmed. ACE does not assume any liability for extended delays in replacing any item beyond its control. This warranty does not apply to rubber and non-metallic synthetic parts that may need to be replaced due to normal usage, wear or lack of preventative maintenance.

This warranty covers products shipped into the 48 contiguous United States, Hawaii, and metropolitan areas of Alaska and Canada. Warranty coverage on products used outside the 48 contiguous United States, Hawaii and metropolitan areas of Alaska and Canada may vary. Contact ACE for details at 1-800-223-7750

The following conditions are not covered by warranty:

- Equipment failure relating to improper installation, improper utility connection or supply and problems due to improper ventilation.
- Equipment that has not properly been maintained, damage from improper cleaning, and water damage to controls.
- Equipment that has not been used in an appropriate manner, or has been subject to misuse, neglect, abuse, accident, alteration, negligence, damage during transit, delivery or installation, fire, flood, riot, or act of God.
- Equipment that has the model number or serial number removed or altered.
- Equipment on which the security seal has been broken.

If the equipment has been changed, altered, modified, or repaired without express written permission from ACE, then the manufacturer shall not be liable for any damages to any person or to any property, which may result from the use of this equipment thereafter.

This equipment is intended for commercial use only and this warranty is void if equipment is used in other than a commercial application.
