

# Tabletop Combinations Griddle, Char-Broiler, Open Burners

Model FHP24-12-1RB

Model 48-18-1.5RB

**Available widths include.....**

**24", 30", 36", 42", 48", 54", 60", 66" & 72"**

One-piece combination models with one easy gas hook-up can be combined among open top burners, griddles and char-broilers saving critical counter space. Sturdy welded frames, heavy duty stainless pipe legs, energy efficient insulation, easy cleaning stainless steel finish. Griddle plates measure 21<sup>1</sup>/<sub>4</sub>" deep by <sup>3</sup>/<sub>4</sub>" thick and char-broilers feature a 21" cooking depth. Char-broiler grates are cast iron to hold heat & feature slanted blades with cast in troughs to channel excess grease reducing flare-up. Both feature 4<sup>1</sup>/<sub>2</sub>" high back and side splash guards. Open burner top grates are 12" x 12" cast iron with a cast in bowl to direct heat to the cooking surface. Griddle burners are rated at 20,000 BTUH on 12" incremental sizes, 36,000 and 72,000 total BTUs respectfully on 18" and 30" griddle sections. Char-broiler burners are rated at 25,000 BTUH on 12" incremental sizes, 40,000 and 80,000 total BTUs respectfully on 18" and 30" char-broiler sections. Open flame burners are 24,000 BTU and feature gasket free with a 7" star pattern for excellent efficiency. CASTLE appliances are set at the factory for the type of gas desired. No need to risk improper field conversions.
