Application:

Alluserv full-featured ATC Series tray carts are ideal for room service tray delivery operation. These units are designed for easy maneuvering and cleaning, and provide smooth, quiet operation.

Construction:

The tray cart will be made up of 20-gauge stainless steel welded and riveted construction to accommodate 14" x 18" or 15" x 20" trays. The top and base will be made of 16-gauge stainless steel as well as the tray slides which will be supported by 14-gauge uprights. The doors will be made of 20-gauge, insulated double pan design, stainless steel and will be mounted on stainless steel lift off hinges which allow 270° door swing. Doors will have magnetic closers and rotational transport latch. Doors shall be held in fully open position by magnets embedded beneath door surface and cabinet exterior. Tray ledges shall be 18 gauge stainless steel angle, welded to an 18 gauge stainless steel frame panel. Ledge panels shall be removable for easy cleaning, but fastened to compartment to prevent noise from vibration. Tray compartments will have vents on the end panels. The exterior base has a full-perimeter (ATC10, 14) or bottom corner (ATC8) bumper(s).

Casters:

Casters will be 6" in diameter, fixed and swivel (ATC10, 14) or all-swivel (ATC8) with brakes. Caster wheels will be 2" wide, with soft rounded tread to ensure a smooth and quiet ride for carpet or tile.

Options:

- Custom ledge spacing
- 8" casters, two with brakes
- Menu card holder
- Custom tray size
- Custom exterior graphics

Features:

- Pull-type door with magnetic & rotational transport latches
- Removable tray ledge panels are fastened to frame for quiet operation
- Anti-static floor strap
- Top railing
- Accommodates 14"x18" or 15"x20" size trays
- Doors open 270° for unobstructed access.
- Full perimeter bumper
- 6" rounded with soft tread casters, two with brakes
- NSF listed

Warranty:

- 2-year parts
- 1-year labor
