

Star-Clean

SCP8.520

DESIGN

For many years, Star-Clean rotisseries have had a good reputation amongst supermarkets and in the catering industry, meeting their needs in terms of production and robustness thanks to high output, speed and quality.

Easy to use, modern and elegant, their interior lighting will enhance the presentation of your various cooked products (poultry, large and small pieces of meat, vegetables etc ...).

Thanks to the assisted cleaning system: steam injection for softening grease + Brita softened water and high-pressure shower for stain-free cleaning + grease recovery bags placed in the mobile grease receptacle for disposal, Star-Clean will quickly become your asset in the kitchen.

FEATURES

- ☐ Energy efficient
- ☐ Double-glazed K-glass
- ☐ Integrated grease container with drain valve
- ☐ Digital electronic display
- ☐ Automatic preheating at start-up
- ☐ Steam program (assisted cleaning), connect to softened water
- ☐ 6 cooking programs
- ☐ Lighting with halogen lamp
- ☐ Delivered with 8 baskets (BALSC520)

SCP8.520
(optional base)

TECHNICAL DETAILS

Overview of some of the standard features.

	Silicone gasket for sealing the door when closed.		Retrieval and easy disposal of cooking grease with disposable bags in the mobile grease receptacle (optional).		Heat diffused by turbine for a homogeneous distribution of heat in the cooking chamber.
	Assisted cleaning through the use of the steam injection program for softening cooked-on grease.		High pressure shower for precise cleaning.		Rinse without spotting thanks to the use of softened water by Brita cartridge (optional).
