Toast-Qwik® Electric Conveyor Toasters

Model: TQ3-20, -20H

Hatco's next generation of Toast-Qwik® Conveyor Toasters have been designed to provide a great look, and increased production capabilities. They continue to provide the best reliability, flexibility and value of any conveyor toaster available!

Standard features

- Patented ColorGuard Sensing System continually monitors chamber temperature and adjusts the chamber to ensure consistent toast results – even in your busiest periods
- Power Save mode activates manually by pressing the Power Save Button above the leaf symbol, which reduces power by 50%
- Features an Air Intake Filter Screen which is removable for easy cleaning
- Crumb tray is removable
- 2" (51 mm) high opening for standard unit
- 3" (76 mm) high for H unit, which is better for use with thicker breads and rolls
- DC stepper motor provides wide range of linear and precise speed control
- TQ3-20 and TQ3-20H produce between 600-700 slices of toast per hour
- Double-sided or single-sided toasting at the touch of a button

Air Intake Filter Screen

Power Save mode button above leaf symbol

Options (available at time of purchase only)

Designer Colors

Non-standard colors are non-returnable – Designer Black standard

Warm Red Stainless Steel

Stainless Steel toast tray insert

Extended feed ramp in lieu of existing ramp – adds 3" (76 mm)

XL extended feed ramp in lieu of existing ramp – adds 9" (229 mm)

IFS anti-microbial coatings use naturally-occurring, environmentally sustainable, silver ions to help inhibit the growth of microbes on the powder coated surface. See www.hatcocorp.com/antimicrobial-paint for more information.

For operation, location and safety information, please refer to the Installation and Operating Manual.
