XF124

FROZEN DRINK MACHINE

The XF124 is a reliable, easy to clean and operate, frozen drink machine for high volume applications. The XF124 offers superior performance and technology in a user friendly and easy to operate package. The XF124 has a total capacity of over 5 gallons and includes a refrigerated hopper to give you much faster recovery times and to keep dairy products fresh all day long.

Features

- Self-contained air cooled countertop model
- Serves a variety of frozen drinks including margaritas, daiquiris, smoothies, frozen juices, slushes, and other frozen cocktails
- Refrigerated hoppers to precool mix for fast recovery/freeze times
- Reliable mechanical consistency control for perfect frozen drinks under any operating condition
- Electronic safety sensors to detect motor and belt issues and alert the user
- Large illuminated backlit signage to attract customers
- Mix low indicator alerts before the machine is empty
- All stainless steel exterior for an attractive and easy to clean unit
