TC21-16	TC31-24
TC21-18	TC31-27
TC21-20	TC31-30

Application:

The Alluserv enclosed tray cart is ideal for any tray delivery operation. This unit is designed for easy maneuvering and cleaning making your operation as simple as possible.

Construction:

The tray cart will be made up of 20-gauge stainless steel welded and riveted construction to accommodate 14" x 18" or 15" x 20" trays. The top and base will be made of 16-gauge stainless steel as well as the tray slides which will be supported by 14-gauge uprights. The doors will be made of 20-gauge, insulated double pan design, stainless steel and will be mounted on stainless steel lift off hinges which allow 270° door swing. The doors will be constructed with full length pull type door handles with magnetic closers and transport latch. Ergonomic U-shaped push bars on each end are recessed to protect operators hands while allowing the cart to easily be pushed or pulled. The compartments will have vents on the end panels. The exterior base has a full-perimeter bumper.

Casters:

Casters will be 6" in diameter, with 2 each fixed and 2 each swivel with brakes. Three door models will be equipped with 2 each fixed center, and 4 each swivel corner casters, 2 each with brakes. Casters are mounted in an offset pattern for a smoother ride into elevators and over thresholds. Caster wheels will be 2" wide, with soft rounded tread to ensure a smooth and quiet ride for carpet or tile.

Options:

- Custom ledge spacing
- 8" casters, two with brakes
- Menu card holder
- Towing hitch
- Top railing
- Custom tray size

Features:

- Pull-type door with magnetic & transport latches
- U-shaped vertical push bars, both ends
- Accommodates 14"x18" or 15"x20" size trays
- Doors open 270° for unobstructed access.
- Full perimeter bumper
- 6" rounded with soft tread casters, two with brakes
- NSF listed

Warranty:

- 2-year parts
- 1-year labor
