

Heavy Duty Stainless Steel Transport Cart

- Made Of Heavy Duty 18-Gauge Stainless Steel
- 200 lbs (evenly distributed) load capacity
- The 5" casters have two locking brakes to secure the cart while loading and unloading items
- With 11.8" of clearance between shelves there is plenty of room to move items on and off the cart.
- Each shelf is wide enough to fit two busing tubs and has a retaining lip to keep items secure, making it great for food service, healthcare or lightweight industrial applications

ITEM	Length	Width	Height	Capacity	Shelf Spacing
