

# UNIWORLD

## S/S SAUSAGE STUFFER ELECTRIC

Product design may vary without notice.

### FEATURES

- UNIWORLD's electric sausage stuffer is widely used in butcher shops, hotels, canteens, markets, restaurants, and other places where you produce sausage.
- 10L capacity stainless steel container is able to hold up to 25 Lbs of meat. Equipped with four sizes of food-grade stainless steel sausage tubes (1/2", 3/4", 1-1/8", & 1-1/2") to meet your different size requirements.
- The speed level can be changed in case if the piston plate is moving too fast or too slow. The process is controlled by a switch and a 6 feet long pedal device together with a gear system.
- The reinforced motor transmission lets you work longer periods of time for better performance.
