DIRECT DRAW BEER DISPENSER 60" MODEL: VPBD3-1

We are proud to introduce the beautifully constructed **Valpro VPBD3-1 direct draw beer cooler**. All our bar refrigeration equipment are manufactured with uncompromising quality, energy efficient technology, and standard premium features built in. All our direct draw beer coolers are designed to accommodate a variety of beer kegs, and have full stainless steel interiors, solid foamed stainless steel tops with integrated drip tray drain. Our heavy duty commercial construction will provide many years of worry free service and delivers cost saving eco-friendly energy efficiency with more affordable running costs. This unit utilizes natural hydrocarbon R290 refrigerant as an environmentally responsible choice having low global warming potential and no potential for ozone depletion. All Valpro products are manufactured under strict ISO9001 standards for quality assurance, and to consistently deliver to our customers products that satisfy all expectations. All our products are operated, extensively monitored, and undergo rigorous inspection prior to packaging and shipping.

WARRANTY
2 YEAR Parts & Labor
5 YEAR Compressor

* Compressor warranty 2 year parts & labor / 3 additional year warranty compressor part only

FEATURES

- Solid foamed stainless steel counter top with integrated drip tray drain
- Full 304 stainless steel interior
- LED cabinet lighting
- Attractive black powder-matted galvanized steel exterior
- Self closing doors with key locks
- Snap-in magnetic door gaskets removable and replaceable without tools for ease of cleaning
- Cooled (cold air channeled) and insulated 3" diameter beer column for uniform beer temperature and reduced foaming for a perfect pour
- Two faucets on polished stainless steel tower
- Designed to hold a variety of kegs, will hold 2 half barrel kegs
- Standard 4" casters, make it easy to maneuver and clean underneath
- High density foamed in place CFC free insulation
- Over sized balanced refrigeration system uses environmentally friendly R290 hydrocarbon refrigerant with low GWP and zero ozone depletion
- Side mounted evaporator system
- Forced air cooling with large fan motor and fan blades for better air circulation
- Front mounted electronic thermostat digitally controlled temperature system maintains optimum temperature with easily viewed LED display
- ETL sanitary certified to NSF Standard 7

Model:
VPBD3-1

60" Direct Draw Beer Dispenser

1 Tower - 2 Tap

Technical Data

Dimensional Data

Exterior Dimensions	61.1"W x 24.4"D x 36.2"H
Keg Capacity	Variety, will hold 2 Half Barrels
Storage Capacity Cu. ft.	14.16
Crated Weight	302 lbs.
Shipping Dimensions	62.6"W x 26.7"D x 44.5"H

Refrigeration Data

Temperature Range	33°F - 41°F
Refrigerant	R290
Refrigerating System	Capillary Tube
Temperature Controller	Digital
Horsepower	2/5
Evaporator/Condenser	Aluminum + Copper
Condensing Unit	Side Mount

Construction Data

Exterior Material	Black Powder Coat Steel
Interior Floor Material	304 Stainless Steel
Interior Wall Material	304 Stainless Steel
Insulation	CFC Free Polyurethane
Doors	2 Hinged
Cooled Insulated Columns	1
Faucets	2

Electrical Data

Interior Lighting	Efficient LED
Amps	3
Voltage/Frequency/Phase	115V/60Hz/1
Plug Type	NEMA 5-15P
Electrical Cord Length	8.2 ft.

Due to periodic changes in designs, procedures and regulations the specifications in these sheets are subject to change without notice. Ver. 2021
