

Temper Select Pass-Thru Heated Holding Cabinet

Innovative Foodservice Equipment Custom Designed For Performance, Service and Value

Quality Proofing and Holding Cabinets

HTSS74P16-PT

FULL SIZE PASS-THRU NARROW WIDTH MODEL

HTSS74P16-PT

Standard Features:

- Pass-Thru design speeds cleaning by eliminating hard to reach corners. Makes loading and unloading quick and easy
- Temperature adjustable from 60°F (15.6°C) to 215°F (102°C) for heating and holding a variety of foods
- Top mounted convection heat and humidity system maintains even cabinet temperatures and ensures quick pre-heating and rapid recovery
- Removable top water pan provides additional humidity for hard to hold items
- Solid state controls provide the highest degree of accuracy and reliability, prepared foods are held at a consistent serving temperature
- Fully insulated cabinet prevents heat loss and keeps foods hot and ready to serve
- Completely removable interior components for quick and easy cleaning
- Pan slide assemblies hold 18 x 26 sheet pans, optional welded wire screens accept 12 x 20 steam table pans
- All stainless steel & aluminum construction
- Heavy-duty plate-type casters with 5" hard neoprene wheels, front two with brakes
- Heavy duty field reversible doors with self closing lift off hinges and magnetic latches
- Magnetic door gaskets
- Recessed stainless steel side mounted (front and rear) pull grips provide easy mobility
- 120V, 15A, 1PH service standard NEMA 5-15P

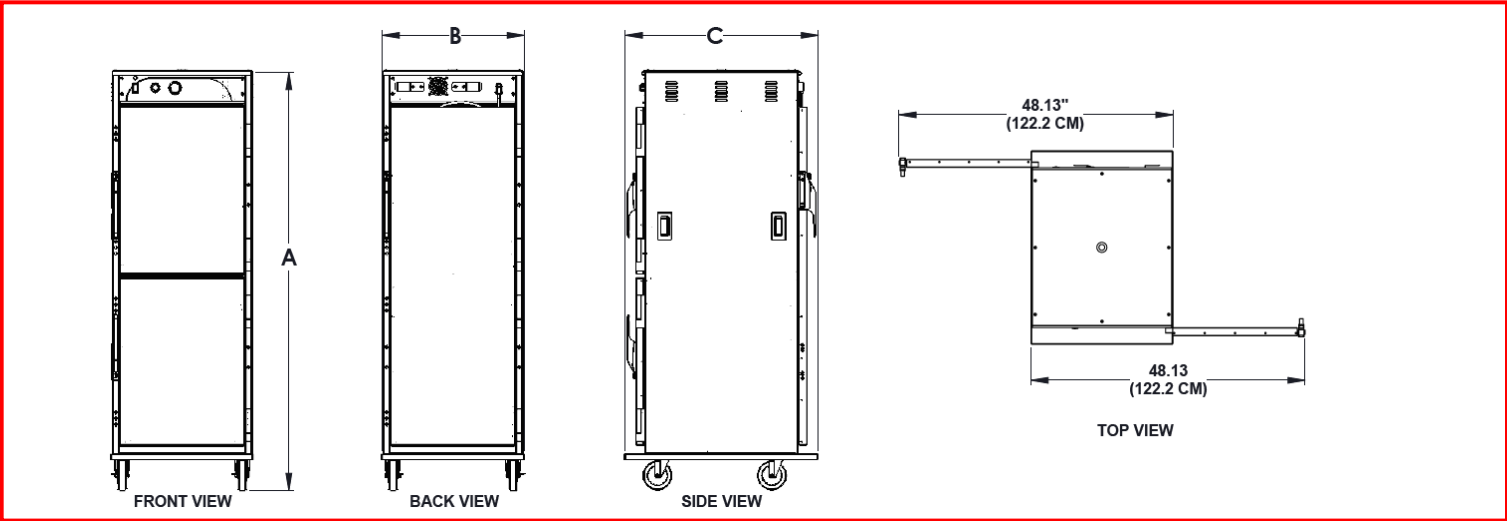

NEMA 5-15

CONSTRUCTION:

- Exterior 20 ga 304 #3 finish stainless steel
- Interior 22 ga 304 2B finish stainless steel
- Exterior door panel 20 ga 304 #3 stainless steel
- Interior door panel 22 ga 400 BA finish stainless steel
- Internal framework 18 ga 304 stainless steel
- Full insulated doors, sides, top and base
- Latch Heavy duty magnetic door latch with cool-to-touch handle and turn knob lock
- Hinges Heavy duty lift off self-closing, chrome plated
- Door Gasket Magnetic NSF approved Santoprene
- Base: .125 Formed aluminum with welded corners
- Side air ducts 22 ga 304 2B Stainless steel

PAN SUPPORTS:

- Pan Supports .063 formed aluminum on 3" centers

HEATING MODULE & CONTROLS:

- Top mounted dual coil heating unit, heating elements rated at 600 watts @ 120v, or 1000 watts @ 208-230v
- Easy to operate controls feature 20 amp rated rocker switch, and pilot light, precision variable thermostat, 2" dial thermometer

- Cord and Plug: 8' cord with 15A molded plug (NEMA 5-15P); 208/230 volt models provided with cord only

CASTERS:

- Heavy-duty plate type casters, with 5" hard neoprene wheels; all swivel, with wheel brakes on front two casters

OPTIONS AND ACCESSORIES

- Reverse door hinging
- Magnetic latch with key lock
- Corner bumpers of gray non-marking vinyl (set of 4)
- Perimeter bumper of gray non-marking vinyl
- Additional universal pan supports
- 6" stainless steel legs with adjustable feet for stationary floor installation *
- 6" casters with soft rubber wheels
- 18" x 26" chrome electroplated wire racks
- 208-230-50/60Hz electrical service

* Note: Modifications involving casters or legs may affect height of equipment. Specifications subject to change without notice
