## BERKEL BREAD SLICER BLADES

Alfa's Replacement Blades are machined from the finest chromium-alloy steel, giving them unequaled strength and sharp edges. Each weld is filed and smoothed by hand, then checked with a micrometer to ensure uniformity. A final honing operation absolutely removes all burrs and metal particles from the blade. Blade length is guaranteed to be true to within .003".

ALFA #	DESCRIPTION	DIMENSIONS	FITS MODELS
R345-H	Blade with Pin and Threaded Holder for easy installation (Set of 36) Replaces OEM #4675-006393	L 10-3/8" (pin to pin), W 3/8"	MB & GMB

*Note: Tips are hardened for longer life.*

The parts on this page are offered as replacement parts for Berkel machines. Alfa is not affiliated with Berkel.
