

Elegance... the most petite GrandFlame

The most petite rotisserie in our GrandFlame line, the Elegance cooks with dramatic flames while providing a space-saving solution for small venues and those whose menu requires roasting only a few pieces at a time.

- Choice of finishes: All- stainless with brass or chrome trim, SSP with porcelain enamel front panels, or LUX with porcelain enamel front & sides with brass or chrome trim
- Available in Natural Gas or LP Gas
- 2 spits with separate motors
- Shown with optional roof and optional cabinet on casters with pull-out working surface

What can the various spits enable you to cook?: Any poultry from quail to a 20 lb turkey, steaks, roasts, leg of lamb, prime rib, fish, chicken breast, portobello mushrooms, halved squash or eggplant, pineapple, potatoes - almost anything you can think of roasting!

When it comes to rotisseries, Rotisol is your indispensable partner

"K.GLASS" protection

Manufacturing:

"K.GLASS" is a layered product manufactured on line, at high temperature, at oven output, where there fines metal particles are spread by pyrolysis to float on the door surface, forming an integrated layer with the door surface. This layer is made with precious metals which give to the glass door the property of very low emissions and a high resistance to thermal radiance.
